

# Fiber Optic Repair Training Inline Mechanical (ION Part Number: 1019-010003)

## Course Information

### Course Description:

Students study and learn the basic theory of fiber optic cable transmission, troubleshooting, laser and chemical safety, fiber handling precautions, repair procedures for fiber optic cable inline mechanical splicing, and integrated media converter termination and assembly procedures. Students will be provided with the materials for performing intensive hands-on laboratory exercises with emphasis on the proper use of tools, handling of optical fibers, polishing steps, inspection, termination, testing, and assembly procedures.

### Prerequisites:

Three years experience in troubleshooting, repair of data transmission lines, and use of special hand tools and test instruments. Associates degree in electronics or equivalent work experience is preferred.

**Course Fee:** \$2000.00 per person (see [Terms and Conditions](#))

**Facility:** Stafford, TX USA

**Duration:** 3 days

**Scheduling:** Please send request to [training@iongeo.com](mailto:training@iongeo.com)

**Daily Modules for Fiber Optic Cable Repair (Inline Mechanical)**

Day One:

1. Overview of Fiber Optic Theory, Light Sources and Optical Detectors
2. Safety practices and handling procedures of fiber optic cable, laser devices, adhesive, lubricant, and sealants
3. Fiber optic cable preparation, polishing procedures and termini inspection

Day Two:

1. Inline Mechanical fiber splicing, termination, testing, and assembly procedures
2. Hands-on: Inline Mechanical splicing, termination, testing, and assembly

Day Three:

1. IMC (Integrated Media Converter) terminal optical fiber cable preparation, polishing procedures, and termini inspection
2. IMC termination, testing, and assembly procedures
3. Hands-on: IMC termination, testing, and assembly
4. Course Summary and Q&A
5. Final Exam
6. Course Evaluation

1.1 Training

1.1.1 Definitions

1.1.1.1 One (1) “training day” means eight (8) hours of instruction time per student, including breaks.

1.1.1.2 One “unit” of training is equal to three (3) training days.

1.1.2 Terms and Conditions

1.1.2.1 The purchase of one (1) unit of training is equal to three (3) days of training for one (1) individual.

1.1.2.2 Training units may be used after delivery of the system to Buyer, but will expire one (1) year after system delivery.

1.1.2.3 Class size will be limited to a maximum of eight (8) students and require a minimum of four (4) students unless otherwise agreed to in writing by Buyer and Seller.

1.1.2.4 The training location will be agreed to by Buyer and Seller. The training location is required to, at all times, meet reasonable health and safety conditions. If, in the instructor’s opinion, a location selected by the Buyer at any time fails to satisfy the above conditions, the instructor may postpone the class until such time that the location satisfies the above conditions.

1.1.2.5 The Buyer will be responsible for all travel related expenses (including but not limited to airfare, lodging, meals, and local transportation) of their personnel attending training at any ION facility unless agreed to in writing by Buyer and Seller.

1.1.2.6 If Buyer requests that training be made available at Buyer’s site, Buyer will be responsible for travel and lodging expenses for the Seller’s instructor. Buyer will also be responsible for portal-to-portal charges and wage expenses for Seller’s instructor if travel is required outside of the standard ION workday and workweek.

1.1.2.7 Seller’s training classes delivered at the Buyer’s site will be performed at such times to conform to the standard ION workday and workweek unless agreed to in writing by Buyer and Seller. Buyer will be responsible for wage expenses for Seller’s instructor if training is required outside of the standard ION workday and workweek.

Training Group**

- 1.1.2.8 Training will be conducted in English. If a translator is required, the Buyer will be responsible for providing, at Buyer's expense, a translator for the duration of the training.
- 1.1.2.9 If buyer requests documentation in any language other than English, the Buyer will be responsible for all costs associated with the translation of said documentation.
- 1.1.2.10 Additional training days may be purchased from ION. The current price per training day as of 07/01/07 is \$500.00. This price is subject to change without prior notification.
- 1.1.2.11 Buyer has the right to cancel any confirmed class or attendance of any prior registered student up to ten (10) business days prior to class start date with no charge to Buyer. If Buyer cancels the confirmed class or attendance of any registered student within ten (10) days prior to class start date, Buyer will pay 50% of the standard course cost per seat cancelled in cash.
- 1.1.2.12 Seller has the right to cancel any confirmed class up to ten (10) business days prior to class start date with no charge to Seller. If Seller cancels a confirmed class within ten (10) business days or misses the confirmed class date, Seller will deliver the subsequent class at 50% of the standard course cost to Buyer. If Seller is forced to cancel a confirmed class for reasons outside of Seller's control, such as weather, acts of terrorism, labor disputes, emergencies, fire, laws or regulations, or other reasons, Seller may cancel any confirmed class at any time at no charge to Seller.
