MARINE FIELD SERVICE BULLETIN

FSB Number	1319340110
FSB Title	Battery Conditioning Tool Obsolescent
Date	August 19, 2011
Originator	Jay Raque
Product Group	Positioning
Product Name	Battery Conditioning Tool
Product P/N	7000-101

Synopsis:

The 7000-101 TOOL SLB-150 CONDITIONING will be obsolete as of September 1, 2011. It will be replaced by the 7000-344 TOOL SLB150 CC BATTERY CONDITIONING.

The old tool, 7000-101, will depassivate the 4000-253 BATTERY PACK LITHIUM SLB150 CC, but it will not account for any capacity removed from the battery pack and will negatively affect the accuracy of the fuel gauge.

The new tool, 7000-344, can be used to depassivate the old battery pack, 4000-074.

Obsolete 7000-101 TOOL SLB-150 CONDITIONING
Replaced by 7000-344 TOOL SLB150 CC BATTERY CONDITIONING

Obsolete 4000-074 BATTERY PACK LITHIUM SLB150
